ParkingAdda

MOBILE APPLICATION

ParkingAdda mobile application is designed to streamline parking for users in Mumbai and eventually across India.

Available on both Android and iOS, the app aims to alleviate parking and traffic congestion in the city, contributing to a more organized urban environment.

Key features and advantages of the ParkingAdda app:

Optimized Parking: The app enables users to efficiently locate and book parking spaces in advance from any location.

Traffic Reduction: By providing designated parking spots, the app helps reduce the number of cars parked on roads, easing traffic congestion.

Time Management: Users can schedule their car parking through the app, offering a convenient and guaranteed parking solution.

Safety & Designated Parking: Safety Reserving a spot ensures a dedicated parking space, enhancing vehicle safety and security.

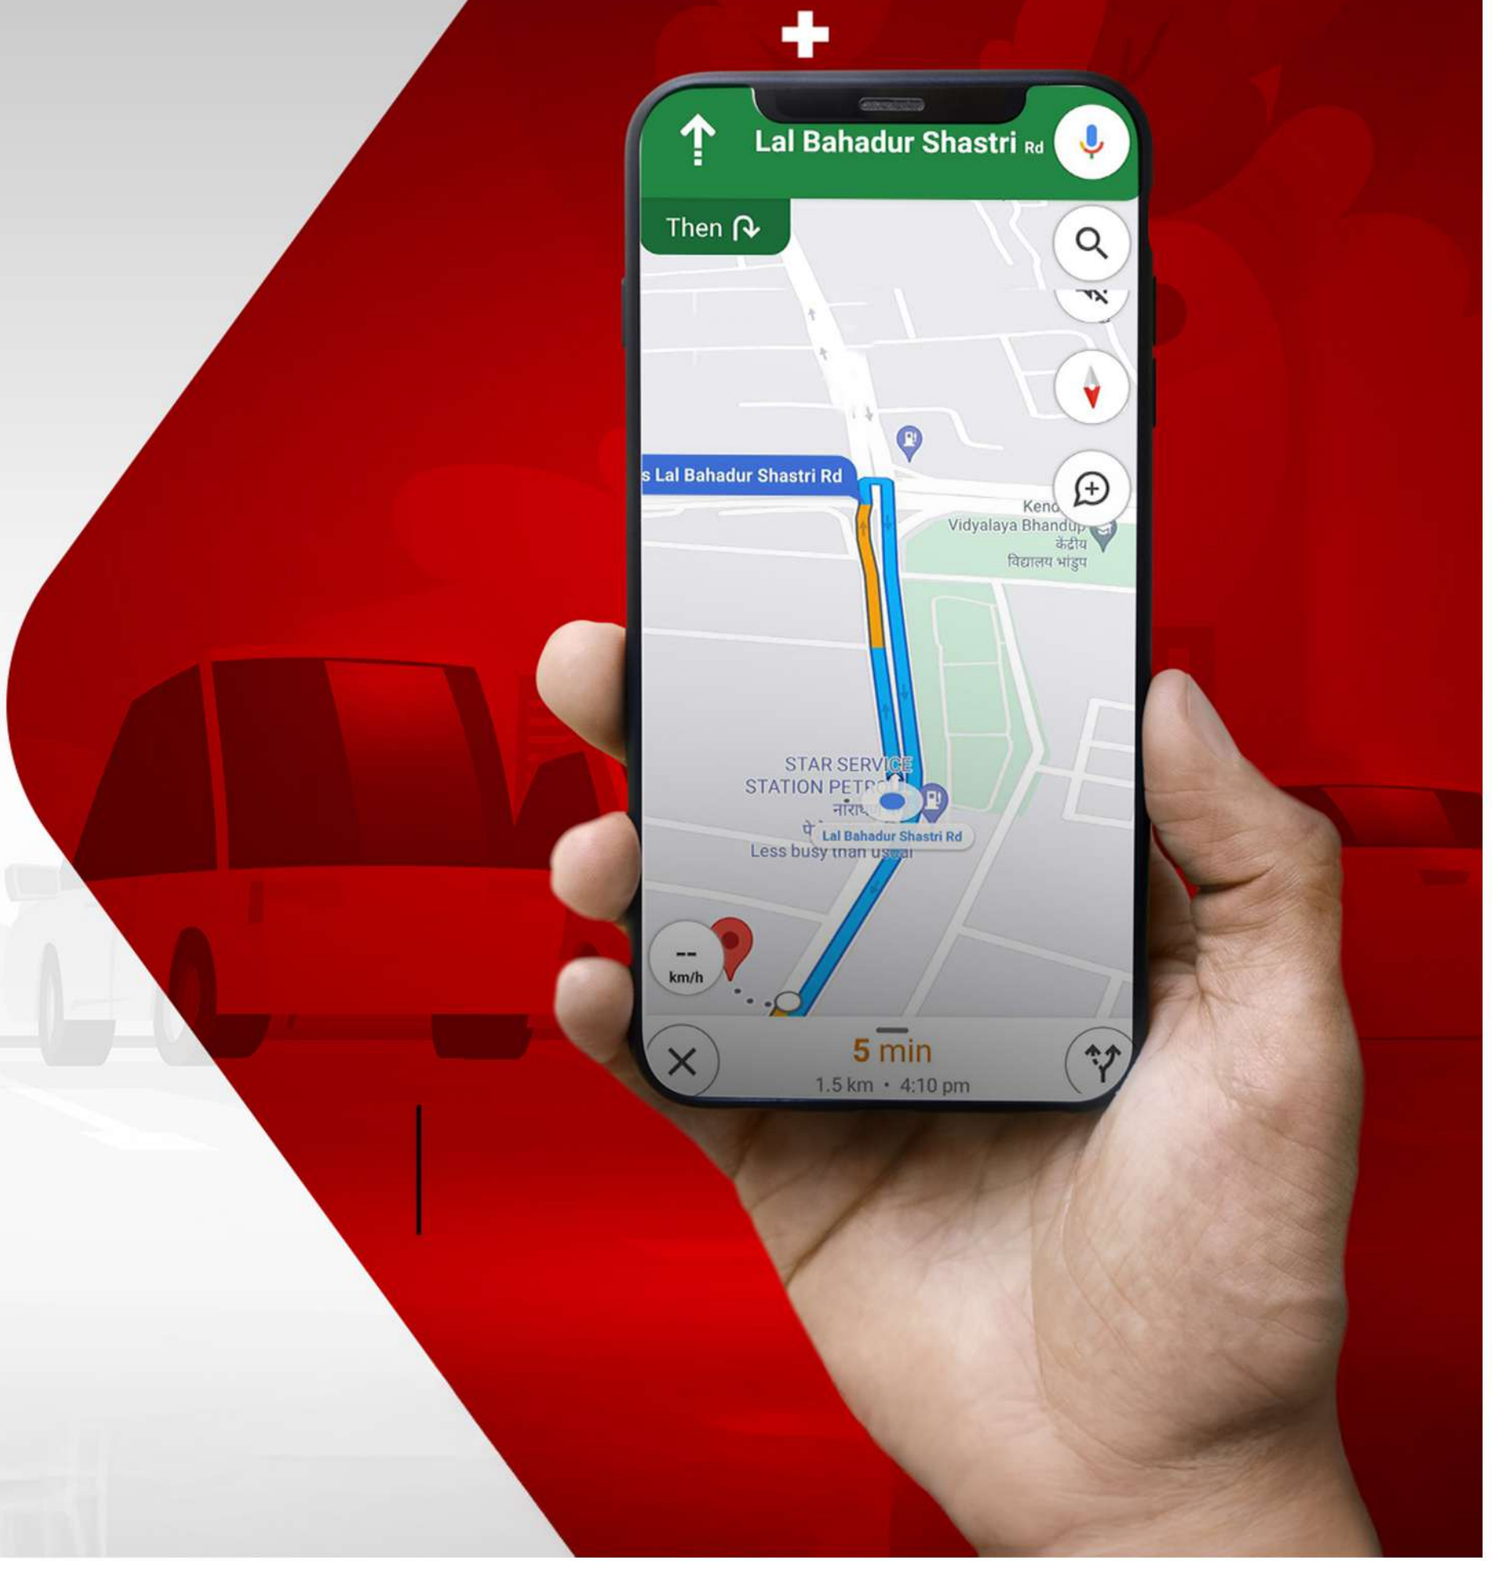
ParkingAdda allows users to book parking spots up to 36 hours in advance and provides real-time updates.

The app also offers a wallet payment system with full refunds for cancellations made at least one hour before the scheduled start time.

Additionally, ParkingAdda offers a "ParkingAdda Pass" for regular users, allowing them to reserve parking spots on a weekly or monthly basis.


The platform also allows individuals and businesses to rent out their parking spaces.
